

Preet Sumara

✉ preetpro.learning@gmail.com 📞 9327949497 📍 Ahmedabad, India

CAREER OBJECTIVE

AI/ML enthusiast with hands-on experience in building machine learning models and data-driven projects, aiming to contribute to innovative solutions while continuously expanding expertise in deep learning and predictive analytics.

EDUCATION

Master of Computer Applications Jul/2024 – Present
GLS University Ahmedabad

Bachelors of Computer Applications May/2020 – Apr/2023
Som-Lalit (Gujarat University) Ahmedabad
SGPA 7.19

SKILLS

Programming — Python (Object-Oriented Programming (OOP) • Data Structures (List, Tuple, Dictionary, Set) | **Database** — SQL (CRUD Operations (Create, Read, Update, Delete)), Joins, Aggregate Functions | **Basics of AI/ML** — Model Evaluation Metrics (Accuracy, Precision, Recall) , Data Preprocessing & Cleaning

PROJECTS

Artificial Intelligence & Machine Learning

Sentiment Analysis System (Emotion Detection)

- Developed an NLP-based emotion detection model to classify user sentiment from text inputs
- Implemented preprocessing, vectorization, and classification using Python and ML libraries
- Deployed the model using Flask with an interactive web interface for real-time predictions
- Integrated model components (pickle, vectorizer, encoder) into a full-stack ML application

CSV AI Web System (Mini AutoML)

- Built an automated ML system that allows users to upload CSV datasets for analysis and prediction
- Performed data preprocessing, feature selection, and model training dynamically
- Generated insights and predictions without manual coding (AutoML-like functionality)
- Designed a user-friendly web interface to simplify ML workflows for non-technical users

Resume Analyzer (ATS + Role Prediction)

- Developed an ML-based system to analyze resumes and predict suitable job roles
- Implemented ATS scoring mechanism to evaluate resume-job compatibility
- Extracted key skills and identified missing skills using NLP techniques
- Built a web interface for resume upload and real-time analysis

INTERSHIPS

QSpiders 01/2026 – Present
Data Science Intern Ahmedabad

Data Science intern with practical exposure to Python, data preprocessing, and machine learning fundamentals, seeking opportunities to develop scalable AI/ML solutions and gain industry-level experience.

iCore Digital Marketing Solutions May/2025 – Jun/2025
Web Development Trainee Ahmedabad, India

- Developed and maintained responsive websites using WordPress, ensuring user-friendly design and functionality.
- Supported digital marketing efforts by creating engaging social media content to boost online presence and audience engagement.

CERTIFICATES

- Data Science Foundation
